Important message for individuals invested in IncomeFlex: Withdrawals made after the lock-in date in excess of the annual guaranteed (lifetime annual) withdrawal amount called "excess withdrawals", will result in a permanent reduction in future guaranteed withdrawal amounts. In addition, any withdrawals made prior to the lock-in date will reduce the income base used to determine your future guaranteed withdrawal amounts. Please see the Prudential Income Flex Important Considerations or Prospectus document for additional information about withdrawals, including examples. If you would like to make an excess withdrawal or a withdrawal before the lock-in date and are uncertain how the withdrawal will reduce your future guaranteed withdrawal amount, then you may contact Prudential at the number above prior to requesting the withdrawal to obtain a personalized, transaction specific calculation showing the effect of the withdrawal.
