\*Guarantees are based on the claims-paying ability of the insurance company and are subject to certain limitations, terms, and conditions. Withdrawals or transfers (other than transfers between Active IncomeFlex Target Funds) proportionately reduce guaranteed values prior to locking in. After Lock-in withdrawals in excess of the Lifetime Annual Withdrawal Amount will reduce future guaranteed withdrawals proportionately and may even eliminate them.

Prudential IncomeFlex Target Funds are separate accounts established under group variable annuity contracts issued by Prudential Retirement Insurance and Annuity Company (PRIAC), Hartford, CT. PRIAC does not guarantee the investment performance or return on contributions to those separate accounts. You should consider the objectives, risks, charges, and expenses of the Funds and guarantee features before purchasing this product. The principal value of Target Date Funds is not guaranteed at any time; including the target date. Like all variable investments, these funds may lose value. Availability and terms may vary by jurisdiction; subject to regulatory approvals. For this and other information, please access the participant website or call [877-778-2100] for a copy of the Prudential IncomeFlex Target Important Considerations before investing.

Annuity contracts contain exclusions, limitations, reductions of benefits and terms for keeping them in force. Contract form #GA-2020-TGWB4-0805 or state variation.

The Guaranteed Income Fund (GIF) is a group annuity product issued by Prudential Retirement Insurance and Annuity Company (PRIAC), Hartford, CT. Amounts contributed to the contract are deposited into PRIAC's general account. Payment obligations and the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the full faith and credit of PRIAC. PRIAC periodically resets the interest rate credited on contract balances, subject to a minimum rate specified in the group annuity contract. Past interest rates are not indicative of future rates. This product is neither a mutual fund nor a bank product. PRIAC obligations are not insured by the FDIC or any other federal government agency. Contract form #GA-2020-IA-0805 or state variation thereof. Prudential Retirement is compensated in connection with this product when general account investment returns exceed the interest credited on contract balances. Prudential Retirement may earn fee revenue plus the foregoing compensation if your plan has agreed to pay contract charges—which are sometimes paid with respect to plan/participant recordkeeping and distribution services. For some plans, Prudential Retirement uses a portion of its aggregate compensation to satisfy the plan's request for allowances and for payments to defray plan expenses. If Prudential Retirement's aggregate compensation from this and other plan investment products exceeds the costs of servicing your plan, Prudential Retirement earns a profit; otherwise, there is a loss. Frequent exchanging between plan investment options may harm long-term investors. Your plan or the plan's investment funds may have provisions to deter exchanges that may be abusive. These policies may require us to modify, restrict or suspend purchase or exchange privileges and/or impose redemption fees. GoalMaker's model allocations are based on generally accepted financial theories that take into account the historic returns of different asset classes. But, of course, past performance of any investment does not guarantee future results. Participants should consider their other assets, income, and investments (e.g., equity in a home, Social Security benefits, individual retirement plan investments, etc.) in addition to their interest in the plan, to the extent those items are not taken into account in the model. Participants should also periodically reassess their GoalMaker investments to make sure their model portfolio continues to correspond to their changing attitudes and retirement time horizon.
